Read Naturally's highly effective programs develop students' fluency and support vocabulary and comprehension skills using the powerful, research-based Read Naturally strategy. Our seminars, taught by nationally recognized educators, will help you set up a new Read Naturally program—or maximize the effectiveness of your existing program—to help students improve their reading skills and test scores. This seminar will be taught by nationally-recognized educator Elaine Balum, with the goal of helping teachers and administrators maximize the benefits of their school's Read Naturally program.

Cost: \$199 (with all materials)
Includes a seminar packet, poster, one level of one of our instructional programs and the Read Naturally SE Self-Study Course.

\$99 (Training only)
Includes a seminar packet and the Read Naturally SE Self-Study Course.

What You Will Learn

- The importance of attaining fluency and how fluency directly correlates with comprehension.
- To combine the research-based strategies of teacher modeling, repeated reading, and self-monitoring of progress to significantly improve fluency in developing readers.
- To identify students who need a fluency intervention.
- To individually place students in appropriate reading levels in Read Naturally and to set appropriate reading-rate goals.
- To adjust students' reading levels and goal rates in Read Naturally to accelerate their reading achievement.
- To motivate students to become excited about reading.
