

Extended School Year

@ The Vanguard School

June 30 - July 31, 2025

Monday-Thursday, 9:00am-3:00pm

Elementary, Middle, High School & Post Secondary
Programs Ages 5-22

Extended School Year (ESY) program at The Vanguard School minimize summer learning loss and keep students actively engaged in the learning process during the summer months. Individualized academics and instruction focus on building communication, social, daily living and vocational skills. The ESY program incorporate traditional summer recreational activities into the daily academic schedule to make learning successful and fun.

The Vanguard School provides programs for students who require a high degree of individualized attention and intervention including those with autism spectrum disorder, developmental disabilities, speech-language deficits and students who experience social-emotional, executive functioning and behavioral difficulties.
